U.S. BANKRUPTCY COURT
E.D. MICHIGAN-DETROIT

From Bankruptcy Eastern District to the 6th circuit The Hon.
Tucker' Opinions and order.....

City of Detroit, Debtor, filed chapter 9 Case Number:13-53846
VS
Hunter L Todd 's 70,000.00 of Retirement Money as a Michigan Certified
Teacher
From Wayne State, College of Education Master Level as Creditor

This part of the case comes to the 6th Circuit, Court of Appeals because we
learned

That the City of Detroit had their hands in the Cookies' Jar as a means of
stealing

70,000.00 from unpaid certified school teacher . The question comes to the Court

attention at the 6th Circuit is stealing is the correct charges that should had leveled

on the City of Detroit for going on Hunter Todd' properties taking two White Tractors

and demolished two homes which were rented for 150,000.00 or more for both lots

According to the Michigan and Federal Statutory laws on stealing, there exist no time limit as to the of times - this case can or can't go to court,

If it was not for Steven Rhodes this part of the Bankruptcy would not be going before

The 6th Circuit. The Judge was totally aware of a law passed by congress that no Debtor can take retirement money to do the will and wishes of the government.

Checking back, the City of Detroit, stated incorrectly, when City said this case had Been before the Federal Court , false plus State Court, some what, but far from finished. This case has never been before ROSEN in Federal District Court.

This claim must and should be allowed because this City of Detroit Black Female went behind Hunter Todd's back to get a Summary Judgment in Wayne County Circuit Court which was never judiciated because City Attorney, Ms. Sims denied the City of Detroit had not taken Mr. Todd's Tractors and demolished his homes. However, in Bankruptcy Court, The City admitted of during the wrong thing by stealing the tractors And demolishing the two homes. The case before Rosen had to do with 10101 West Grand River. This case concerning the stealing by the City has only been in two court, Michigan court of claims and circuit court of wayne..

during 1993-2013 I was in Selma, Alabama building a new home and a church.

The case in Judge ~~was~~ Pending from the first and only hearing. Never

Judicated, not once. Because the City legal Department refused the court to
Identifies this was stealing.

This case has never been
before any U.S. District

records. It was pending
until Mrs. Sims asked
for it to be taken back
without a hearing.
